

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">10 Frame Fill</a>		S	Math	K, 1st	Y	10 Frame Fill" provides children practice with recognizing additive "10 Families" (e.g., 1 and 9, 2 and 8, etc.). Set the 10 Frame to fill in sequence or randomly. Use contrasting color chips to fill the 10 frame as you determine the answer. Select to show a corresponding number sentence.	
<a href="#">123 Tracing Numbers</a>		XL	Math	PK-K	N	Montessori math game for kids. This math game teaches fundamental math concepts critical for preschoolers: identifying numbers; one-to-one number correspondence; reading number symbols; associating symbols with quantity etc. Appropriate hints are provided to support your child as they practice and build their math skills. Not only can they discover numbers through initial independent play, you can also play collaboratively with your child.	
<a href="#">2048</a>		S	Math	All	Y	Join the numbers and get to the 2048 tile! Swipe to move all tiles. When two tiles with the same number touch, they merge into one. Get to the 2048 tile, and reach a high score!	
<a href="#">5 Dice: Order of Operations Game</a>		S	Math	All	Y	Are you the best shot? Can you solve problems involving multiple steps and multiple operations? A fun interactive game to help upper elementary and middle school students master and understand how the order of operations in math work. This math game is made for students at different age groups and skill levels.	
<a href="#">7 Little Words for Kids</a>		M	Game	1st, 2nd, 3rd	N	Discover 7 colorful worlds as you solve the mini word puzzles. But don't worry if you get stuck. You can always get a hint if you need it. It's made just for kids, but many parents will love it too.	
<a href="#">A1 Spelling App Free</a>		S	ELA	SRP, SPED	Y	A1 Spelling App is an easy to use engaging app that help kids learn common spellings. The kids see a picture and hear the word and then type the spelling using the on screen key pad.	There is a paid version of this app. Volume Price (20+): \$0.99 ea;
<a href="#">ABC Alphabet Phonics</a>		S	ELA	SRP, SPED	Y	Photo Touch is an exciting educational game that helps your child rapidly learn the ABC by sight, sound, and touch. The interface is so easy to use that even a 9 month old baby will delight in using this app. Ideal for ages 0 to 6.	
<a href="#">ABC Letter Tracing</a>		S	ELA	SRP, SPED	Y	BC Letter Tracing is a fantastic and completely free application for children learning to write and recognize their ABC's. Intuitively trace both uppercase and lowercase letters with the touch of a finger. Hear and see English alphabet letters and real world objects that relate to them.	
<a href="#">ABC Magic Phonics</a>		M	ELA	K, 1st	Y	This app will help your child learn the sounds of the letters of the alphabet, which are necessary for reading. Learning the sounds of the letters gives your child the tools for reading and helps them become better readers. A matching phonetic photo image is matched with each letter to help your child learn the sound of each letter.	
<a href="#">ABC Pocket Phonics</a>		M	ELA	Pre-K, K	N	PocketPhonics teaches kids letter sounds, first words and handwriting. It is used in hundreds of elementary schools and pre-schools, and tens of thousands of homes. It is aligned with the Common Core State Standards, and independent research (see appsinmypocket.com/research) found children learnt nine times faster using PocketPhonics compared to a classroom lesson. It works on iPhone as well as iPad.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">ABC Spelling Magic</a>		L	ELA	K	Y	Teaches the sounds of the letters and how to build words. This app can help your child learn the sounds of the alphabet. This app indirectly teaches the essential reading skill of segmenting as well. Two levels of challenge are available. The first part of the app has a limited alphabet for building words.	
<a href="#">Accelerated Reader</a>		S	Media	All	Y	This app is for SCHOOLS with a licensed Accelerated Reader subscription. This app is primarily for students to take Accelerated Reader Quizzes at school.	Libraries with AR subscriptions: Windsong
<a href="#">Adobe Spark Video</a>		L	Media	All	Y	Spark Video helps anyone create stunning animated videos in minutes. No filming required — just record your voice in short increments to tell your story. Pick from over 25,000 beautiful iconic images or add your own photos to highlight what you have to say. Select the soundtrack that works best. Then Video automatically adds striking cinematic motion to your story — no design experience needed. Share your video to make an impact: Persuade, inform and inspire your audience.	
<a href="#">Alien Buddies</a>		S	ELA	K	N	Engaging activities, varied difficulty levels and visual and audio modes let you customize the app to reinforce color, shape, number and letter learning. 4 GAMES - FLEXIBLE OPTIONS FOR DIFFERENT LEARNERS. The Alien Buddies iPhone/iPad app is designed with a variety of games and play modes to suit a range of ages from Preschool to Kindergarten.	Volume price \$2.99 ea: no volume discount. For some kinder iPads
<a href="#">Amazing Match</a>		M	ELA	Pre-K, K	N	With its super-cute graphics, funny sounds and native spelling, Amazing Memory Match is perfect for kids, and it will keep your kids educationally entertained, all the while developing their concentration, memory, and cognitive skills, and teaching them how to spell, teaching them what sounds objects make.	
<a href="#">Animal Math Games</a>		S	Math	Pre-K, K, 1st	Y	Playable by kids of all ages with lots of positive encouragement, professional narration and catchy music. Cute characters include cows, chickens, lions, giraffes, kittens, puppies, robots and monsters! Designed by parents and teachers, this app adheres to Common Core Standards for kindergarten math.	
<a href="#">Artsonia</a>		M	Art	All	Y	Artsonia is the world's largest student art museum, showcasing millions of kids artwork online at <a href="http://www.artsonia.com">www.artsonia.com</a> . TEACHERS: This app enables teachers to take photos of their student artwork and upload it to their online art gallery on Artsonia.com. Teachers can also view and update their student roster and school exhibits. This is a free educational service, and teachers must visit <a href="http://Artsonia.com">Artsonia.com</a> to first create an account to login and create their school gallery. Join the thousands of art teachers using our service today!	This app is specialized for the elective Art. Please coordinate with your Art teacher about the account information and use.
<a href="#">Aurasma</a>		S	Media	All	Y	HP Aurasma is changing the way we interact with the world. Discover augmented reality experiences, create your own Auras, and share with friends. Bring photos, posters, birthday cards, and more to life. We can't wait to see what you create!	
<a href="#">Bloxels</a>		L	Game, Code	All	Y	Build your own video games with Bloxels! The innovative video game creation platform makes concepting and execution easy. Watch your game world come to life as you create and animate play spaces, characters and objects because you are the artist, game designer, storyteller, programmer, publisher AND player!	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Blur Effect Photo Filter</a>		S	Media	All	Y	Quickly blur your photos with just the touch of your finger! Blur unwanted object, face or anything that you do not want other people to see when sharing on social media!	
<a href="#">Book Creator</a>		S	Media	All	N	Book Creator is the simple way to make your own beautiful ebooks, right on your iPad. With over 15 million ebooks created so far, Book Creator is ideal for making all kinds of books, including children's picture books, comic books, photo books, journals, textbooks and more. And when you're done, easily share your book, or even publish to the iBooks Store!	Purchased all campus iPads. Volume Price (20+): \$2.49 ea
<a href="#">Bookopolis</a>		M	ELA	All	Y	Bookopolis is the go-to-place for kids under 13 to find books they're excited to read. Kids can create virtual bookshelves of books they've read or want to read, share book reviews and recommendations with friends, find new books with our BookQuest discovery tool, use our digital reading log, and earn points and badges for their reading achievements. Some features can only be accessed if you are signed in as a Bookopolis user. To create a free account, visit www.bookopolis.com.	This does have a google and a canvas tie in.
<a href="#">BrainPOP</a>		S	Media	3rd, 4th, 5th	Y	Bring learning to your fingertips™ with the BrainPOP Featured Movie app for the iPad, iPhone, and iPod touch. Watch a different animated movie every day, then test your new knowledge with an interactive quiz – free!	Campus or district subscription may be used to unlock content.
<a href="#">BrianPOP Jr.</a>		S	Media	All	Y*	Learn More With Annie and Moby ... Every Week! <a href="#">Bubble Pop Math Challenge Gr. 1-2 Lite</a>		M	Math	1st, 2nd	Y	A feature-packed app that boosts level-appropriate math skills in a fun, exciting way! Children race to solve math problems by popping bubbles that show the correct answers...before they splash into the pond! Up to 4 players can compare scores	A paid version of this app is available
<a href="#">Bugs and Bubbles</a>		M	Skills	Pre-K, K	N	Bugs and Bubbles is the latest app in a growing collection based on the award winning Bugs and Buttons. The uniquely detailed graphical styling, beautiful music, and advanced interactivity is designed to engage, entertain, and educate. Packed with over 18 games and activities in one title, Bugs and Bubbles offers plenty of choices for children to explore and play. Enjoy an eclectic mix of organic and industrial scenery around the mythical Uncle Bob's Bubble Factory where you can harvest, pinch, pop, and even nudge fantastical bubbles.	
<a href="#">Build A Word</a>		S	ELA	K-1st	N	The underlying pedagogical methodology for this application is to teach children letters as well as to teach them how to combine letters into words. A child is offered either/both a visual prompt or/and audio prompt to "write" a word. The word is to be written by dragging appropriate letters one at a time in the designated slot in the correct order. Success is rewarded by a short fun game.	
<a href="#">Calculator Free, The</a>		M	Math	All	Y	The Calculator Free is the best and most feature-rich Calculator for all iOS Devices, and has been downloaded by millions of users worldwide. Download the app now, and join the scores of users impressed by The Calculator Free's ease of use and extensive functionality options!	There are other apps that serve this same purpose. The app we use may differ from this one.
<a href="#">Canvas</a>		M	Utility	All	Y	If your school is using Instructure Canvas, grab the Canvas app and keep your education within reach.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Chirp</a>		S	Social Media	All	Y	Chirp is a magical way to share your stuff - using sound. Chirp sings information from one iPhone to another! Make & share videos, photos, links, MP3s, PDFs, GIFs & more: all from your built-in iPhone speaker. What will you chirp?	
<a href="#">Chocolate Fix Free</a>		S	Math	All	Y	The Chocolate Fix Free game app comes with 30 challenges ranging from Easy to Expert. To complete a challenge, you must use the clues provided to fill the tray by placing the nine chocolate pieces in their correct positions. Similar to Sudoku, you must examine all clues carefully before making a move.	
<a href="#">CodeSpark Academy with the Foos</a>		M	Coding	All	Y	codeSpark Academy teaches the basics of computer programming through a variety of interactive learning activities including puzzles, games, step-by-step creative projects, game design and offline printables – all of which can be monitored by parents.	
<a href="#">Colors and Shapes</a>		S	Math	SPED	Y	Color and shapes learning games for young children to identify colors and shapes while they count! This free kid's educational app generates thousands of unique colorful color games and shape games on your iPad. A fun interactive learning game helps preschoolers and kindergartner to elementary school students to study color and color names and spy different shapes.	
<a href="#">Crayola Lights, Camera, Color!</a>		S	Media	All	Y	Snap a photo with your device's camera or grab one you've already taken. Lights, Camera, Color! drains the color from your picture and turns it into a coloring book page. Decorate your page with stickers and color it with Crayola crayons, colored pencils and markers. Save your pages and share them through email or Facebook. Or, you can print and color them using your own Crayola crayons, markers and pencils.	
<a href="#">Dabble</a>		S	ELA	1st, 2nd, 3rd	N	Dabble is an award-winning game perfect for kids and families. At the core of the game lies a fast-paced word game that will help everyone develop many useful skills - including vocabulary, spelling and quick thinking all while having fun.	
<a href="#">Daisy the Dinosaur</a>		S	Coding	All	Y	Learn the basics of computer programming with Daisy the Dinosaur! This free, fun app has an easy drag and drop interface that kids of all ages can use to animate Daisy to dance across the screen. Kids will intuitively grasp the basics of objects, sequencing, loops and events by solving this app's challenges. After playing Daisy, kids can choose to download a kit to program their own computer game.	
<a href="#">Dash - Blockly for Dash and Dot Robots</a>		M	Specialty	All	Y	PLEASE NOTE: This app requires a Wonder Workshop robot - Dash or Dot - and a Bluetooth Smart/4-enabled device to play. Blockly is a visual drag-and-drop programming tool developed by Google that allows children to snap together commands like puzzle pieces. Take on coding challenges and invent your own creations by using Blockly to control Dash & Dot!	For use with Dash robots
<a href="#">Dash - Go for Dash &amp; Dot Robots</a>		S	Specialty	All	Y	PLEASE NOTE: This app requires a Wonder Workshop robot - Dash or Dot - and a supported Bluetooth Smart/4-enabled iPad to play. Whew! Dash & Dot have traveled the seas and finally arrived at your doorstep. Now it's your mission to show them how to play! Get full control of Dash & Dot with the Go app. Send Dash on missions to deliver messages, use Dot to act out storybook characters, and go out and explore the world together. Ready, set, Go! This app is just the beginning of coding and playing with Dash & Dot. For ages 5 and up.	For use with Dash robots
<a href="#">Dash - Path for Dash robot</a>		M	Specialty	All	Y	Draw a path to your next adventure with Dash! Program your robot using a single "line" of code at the racetrack, on a farm, or even an obstacle course of your own. Unlock special abilities, sounds, and animations as you go forth and explore. For ages 5 and up.	For use with Dash robots

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Dash - Wonder for Dash Robots</a>		XL	Specialty	All	Y*	This app comes packed with over 50 challenges that will teach you how to code with Wonder, and you'll be coding up a storm in no time. Travel through the African Grasslands, the Arctic Wilderness, and even Outer Space in your coding adventures to uncover new ideas for your robots. Turn Dot into a trumpet, a Pong arcade, or a desert race drifter. Dash is a real robot that comes with you on all your adventures! Transform Dash into a ferocious lion, dodge asteroids together in outer space, play a game of Marco Polo together, and much more.	For use with Dash robots
<a href="#">Dash - Xylo for Dash Robot</a>		M	Specialty	All	Y*	Conduct your own musical performance for friends and family with Dash and Xylo! Exercise your creativity by composing your songs from scratch or remake your favorite tunes. Remix and rearrange your song to make a musical masterpiece! For ages 5 and up.	For use with Dash robots
<a href="#">Destiny Quest</a>		S	Specialty	All	Y	This app work's with FISD's library book catalogue system.	
<a href="#">Dictionary.com</a>		M	Utility	All	Y	English Dictionary and Thesaurus	
<a href="#">Dino Tales Jr.</a>		L	ELA	Pre-K, K	Y	Explore an island packed with puzzle play, storytelling and music before turning your adventures into mini movie masterpieces to share with loved ones. A colorful and exciting world of dinosaur play from the award-winning studio behind Dino Tales™ and Safari Tales™, made for young fingers, designed for young minds.	
<a href="#">Dragon Dictation</a>		S	Utility	All	Y	Dragon Dictation is an easy-to-use voice recognition application powered by Dragon® NaturallySpeaking® that allows you to easily speak and instantly see your text or email messages. In fact, it's up to five (5) times faster than typing on the keyboard.	
<a href="#">Dragon Shapes</a>		S	Math	All	Y	Solve math puzzles and unlock the legend of Dragon Shapes! Four academic levels of difficulty follow the story of the Shape Arts Master and his quest to rescue the village's dragon. Each level offers a structured sequence of geometric puzzles themed to the characters from the story: butterfly, turtle, mountain goat and dragon.	
<a href="#">Easy Blogger Jr.</a>		S	Media	All	N	Easy Blogger Jr is the easiest Google Blogger uploader available. Designed by teachers for early childhood and elementary classes, its simple interface ensures that children as young as 4 are able to easily post photos, video and voice-over-photos to Blogger. Older users can also publish text based posts.	Volume Price (20+): \$2.99 ea; 20 licenses bought for Kinder and 1st grade teacher iPads
<a href="#">Educreations Interactive Whiteboard</a>		S	Media	All	Y	Educreations is a unique interactive whiteboard and screencasting tool that's simple, powerful, and fun to use. Annotate, animate, and narrate nearly any type of content as you explain any concept. Teachers can create short instructional videos and share them instantly with students, or ask students to show what they know and help friends learn something new.	Pro features are an in-app purchase, which is not eligible for Volume Purchasing.
<a href="#">Endless Alphabet</a>		M	ELA	PK, K, SPED, SRP	N	Set the stage for reading success with this delightfully interactive educational app. Kids will have a blast learning their ABC's and building vocabulary with the adorable monsters in Endless Alphabet. Each word features an interactive puzzle game with talking letters and a short animation illustrating the definition.	Volume Price (20+): \$3.49 ea; There is no "Lite" free version.

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Endless Numbers</a>		M	Math	PK, K, SPED	Y	As a follow-up to Endless Alphabet, set the stage for early numeracy learning with Endless Numbers! Kids will have a blast learning number recognition, sequences, quantity, numerical patterns, and simple addition with the adorable Endless monsters. Each number features interactive sequences and equation puzzles with numbers that come alive, and a short animation that provides context and meaning to each number.	This is a "Lite" version. There is a paid version with all content included.
<a href="#">Endless Reader</a>		M	ELA	PK, K, SPED, SRP, ESL	Y	As a follow-up to Endless Alphabet, set the stage for early reading success with Endless Reader! This app introduces "sight words", the most commonly used words in school, library, and children's books. Kids need to recognize these words by sight in order to achieve reading fluency. Recognizing sight words is advantageous for beginning readers because many of these words have unusual spelling, cannot be sounded out using phonics knowledge, and often cannot be represented using pictures.	This is a "Lite" version. There is a paid version with all content included.
<a href="#">Epic! - Unlimited Books and Educational Videos for Kids</a>		M	Media	All	Y*	Epic! is the leading all-you-can-read eBook library for kids 12 and under offering unlimited access to over 10,000 high-quality children's books, now including thousands of read-to-me and Audio books.	There is a campus subscription login for this service. See Jennifer McCray
<a href="#">Expeditions</a>		M	Social Studies	All	Y	Google Expeditions is a virtual reality teaching tool that lets you lead or join immersive virtual trips all over the world — get up close with historical landmarks, dive underwater with sharks, even visit outer space! Built for the classroom and small group use, Google Expeditions allows a teacher acting as a "guide" to lead classroom-sized groups of "explorers" through collections of 360° and 3D images while pointing out interesting sights along the way.	
<a href="#">Explain Everything - Classic</a>		M	Media	All	N	This is the original "classic" version of Explain Everything, used by over 3 million people all over the world who are creating videos and classroom projects with this leading unique interactive screencasting whiteboard!	Volume Price (20+): \$2.99 ea; Purchased for all classroom iPads
<a href="#">Felt Board</a>		L	Media	K, 1st	N	Design scenes, dress up characters and let your imagination soar as you invent your own stories with Felt Board. Especially designed for imaginative play, storytelling and learning, Felt Board is perfect for children, families, teachers and therapists. Create characters by selecting skin color, hair and facial features. Choose from a wide variety of costumes, settings and props for hours of magical make believe play. And because it is an app, the pieces will never get lost.	Volume Price (20+): \$1.49 ea; Purchased for Kinder and 1st iPads.
<a href="#">Flow Free</a>		S	Math	All	Y	Connect matching colors with pipe to create a Flow®. Pair all colors, and cover the entire board to solve each puzzle. But watch out, pipes will break if they cross or overlap!	
<a href="#">Franklin's Friends of 10</a>		S	Math	Pre-K, K, 1st, 2nd		This Sensational Pre-K to 2 Common Core aligned game makes pairing the number friends that equal 10 (ex: 8+2, 6+4) both exciting and meaningful! Franklin will help your student learn the operation of addition while introducing essential analytical thinking in an encouraging and rewarding way!	
<a href="#">Front Row Math &amp; English Language Arts</a>		S	Math, ELA	All	Y	Front Row: differentiated instruction made easy. Front Row is the only math and English language arts program made for the iPad by teachers, for teachers. Front Row provides over 30k common core aligned questions that are graded automatically and given to students based on their level. This means no writing worksheets, no grading, and differentiated teaching made easy.	
<a href="#">Fry Words</a>		S	ELA	SPED	Y	The Fry 1000 Instant Words are a list of the most common words used for teaching reading, writing, and spelling.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">GarageBand</a>		XL	Media	All	N	GarageBand turns your iPad, iPhone, and iPod touch into a collection of Touch Instruments and a full-featured recording studio — so you can make music anywhere you go. And now Live Loops makes it easy for anyone to have fun creating music like a DJ, by triggering loops and audio effects in real time. Use Multi-Touch gestures to play a piano, organ, guitar, and drums.	
<a href="#">Geoboard</a>		S	Math	All	Y	Geoboard is a tool for exploring a variety of mathematical topics introduced in the elementary and middle grades. Learners stretch bands around the pegs to form line segments and polygons and make discoveries about perimeter, area, angles, congruence, fractions, and more. This virtual version of the manipulative is an open-ended educational tool, ideal for elementary classrooms and other learning environments that use iPod Touches, iPhones, or iPads.	
<a href="#">Google Chrome</a>		M	Utility	All	Y	Google's Web Browser. An alternative to Safari, and offers individualization using district google account login	
<a href="#">Google Earth</a>		S	Social Studies	All	Y	ly around the planet with a swipe of your finger with Google Earth for iPhone, iPad, and iPod touch. Explore distant lands or acquaint yourself with your childhood home. Search for cities, places, and businesses. Browse layers including roads, borders, places, photos and more. See the world at street level with integrated Street View.	
<a href="#">Google Drive</a>		M	Utility	All	Y	Get started with Google Drive for free and have all your files within reach from any smartphone, tablet, or computer. All your files in Drive – like your videos, photos, and documents – are backed up safely so you can't lose them. Easily invite others to view, edit, or leave comments on any of your files or folders.	Companion Apps may need to be loaded along with this to view Google Docs
<a href="#">Grammaropolis</a>		M	ELA	All	Y	Grammaropolis is where grammar lives! Hailed as a Schoolhouse Rock for the 21st Century, Grammaropolis uses the parts of speech as animated characters whose personalities are based on the roles they play in the sentence. From the shady pronoun always trying to take the noun's place to the motherly conjunction who just wants everyone to get along, Grammaropolis achieves the seemingly impossible: we make learning grammar fun!	There is a paid for complete edition available
<a href="#">Green Screen by Do Ink</a>		S	Specialty	All	N	Green Screen by Do Ink makes it easy to create incredible green screen videos and photos. Classroom-tested by kids and teachers, this app emphasizes ease-of-use and simplicity while still enabling fantastic results. With Green Screen by Do Ink, you can tell a story, explain an idea, and express yourself in truly creative and unique ways.	Volume Price (20+): \$1.49 ea; Licenses allocated for 2 iPads in every set, and all Library iPads
<a href="#">Haiku Deck Presentation &amp; Slideshow</a>		S	Media	All	Y	Haiku Deck makes it a snap to create beautiful presentations that will wow your audience – whether you're pitching an idea, teaching a lesson, telling a story, or igniting a movement. Featured on the iTunes "New and Noteworthy" and "What's Hot" lists!	
<a href="#">Hideout: Early Reading</a>		M	ELA	PK, K, SPED, SRP	Y	Hideout teaches kids how to read through a series of fun activities that emphasize letter-sound association and word repetition. ideout, developed at Brigham Young University, replicates the kind of interactive face-to-face lessons that are available through the SEEL (Systematic and Engaging Early Literacy) website (see education.byu.edu/seel).	
<a href="#">Hopscotch: Make Games! Learn to Code</a>		M	Coding	All	Y	Learning to code? You've come to the right place! This award-winning app lets you make your own games and publish them instantly for anyone to play. Use our super easy-to-follow videos to make games like Angry Birds, create pixel art, or build something brand new.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">iMovie</a>		XL	Media	All	N	With a streamlined design and intuitive Multi-Touch gestures, iMovie lets you enjoy your videos and tell stories like never before. Browse your video library, share favorite moments, create beautiful movies, and watch them on all your devices in iMovie Theater. And with the iMovie extension, it's fast and fun to make every video more memorable — right in the Photos app.	
<a href="#">i-nigma QR &amp; Bar Code reader</a>		S	Utility	All	Y	i-nigma turns your camera into a sophisticated barcode reader. Thanks to exceptionally quick and robust scanning, it is regularly ranked as top performer in this category.	
<a href="#">Inventioneers</a>		L	Science	All	Y	BE CREATIVE! In this game you can create your own crazy, fun inventions! With the help of the Inventioneers, our tiny helpers with unique characteristics, you can invent fun, creative and often quite weird inventions. A lot of inventions are included in the game, the more you solve the more parts you receive for your own inventions! LEARN ABOUT PHYSICS! Inventioneers is an outstanding tool for learning about realtime physics and the science behind different features like air, fire, magnetism and jumping bunnies. What you can do with the tool is virtually endless.	
<a href="#">iStation.com</a>		S	ELA	All	Y	While students use this app, their usage and results are tracked and included on the Istation Report and Management Web site, so educators can seamlessly monitor progress and support intervention across platforms.	District required app.
<a href="#">iTunes U</a>		M	Utility	All	Y	iTunes U provides everything an instructor needs to bring the classroom together on iPad—build lessons with apps and your own materials, collect and grade assignments from students, start class discussions or talk with students one-on-one to answer questions and provide feedback.	
<a href="#">iWriteWords (Handwriting Game)</a>		M	ELA	SRP, SPED	N	iWriteWords teaches your child handwriting while playing a fun and entertaining game.	No volume discount. Price is \$2.99 ea:
<a href="#">Kahoot!</a>		S	Game	All	Y	Play fun, social learning games for any subject, for free.	Now in an App instead of Safari webclip!
<a href="#">Khan Academy</a>		L	All	All	Y	Learn using videos, interactive exercises, and in-depth articles in math (arithmetic, pre-algebra, algebra, geometry, trigonometry, statistics, calculus, linear algebra), science (biology, chemistry, physics), economics, and even the humanities with playlists on art history, civics, finance, and more.	
<a href="#">Kids A-Z</a>		M	ELA	All	Y	RAZ-Kids. The Kids A-Z mobile app delivers interactive learning content for Raz-Kids and Science A-Z anytime, anywhere. Kids can choose from a library of eBooks, eQuizzes, and other eResources to access on their own, or complete assignments scheduled by their teacher or parent. With the Kids A-Z app, personalized learning goes wherever the student does!

<a href="#">Lightbot: Code Hour</a>		S	Coding	All	Y	Lightbot : Code Hour is a programming puzzle game- a game whose game mechanics require using programming logic to solve levels. This short teaser is meant to introduce players to programming who may have little to no experience. Anyone, anywhere, from grades K-12 can play, have fun and learn real programming logic!	
<a href="#">Little Speller - Three Letter Words LITE</a>		S	ELA	Pre-K, K	Y	Little Speller is an exciting interactive game that helps your child rapidly learn to read, write, and spell words all with just the touch of their finger. The interface is so easy to use that even a 9 month old baby will delight in moving their first letters around the page. Ideal for ages 0 to 6.	
<a href="#">Little Writer Pro</a>		S	ELA	PK, K, SRP, SPED	N	Endorsed by tens of thousands of satisfied parents, teachers, and kids the world over. Little Writer is a tracing app that's done just right. Little Writer is super fun and so easy to use that your kids will think letter tracing is a game vs. a boring chore.	Volume Price (20+): \$0.99 ea; Purchased for SRP and SPED iPads
<a href="#">Live Now - Stream</a>		S	Utility	Staff	Y	Use this app if you need to live brocast to youtube. See your iCoach for assistance.	
<a href="#">Lobster Diver HD</a>		S	Math	2nd, 3rd	Y	Throw on your diving helmet, and head into the depths of the sea! Dive off the coast of Maine for lobster traps - you might even snatch the elusive blue lobster. But watch out for that pesky electric eel! Developed by mathematics educators, researchers, and game developers at the Learning Games Lab at New Mexico State University.	
<a href="#">Logic City Jr. Lite</a>		M	Math	K, 1st, 2nd	Y	The goal of the game is simple, to fill the grid with shapes, without repeating a shape in a row or column (yes, like sudoku !). But wait - there's more ! You have to manage the colors and the shapes simultaneously - adding a whole new dimension to sudoku.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Logic Puzzles</a>		M	Math	2nd, 3rd	Y	The highest rated app for classic grid Logic Puzzles! Decode written clues & fill the grid to solve them. 50 grid-based logic puzzles ranging from intermediate to expert solving ability. This modern solver has Smart Hints, multi-level Undo and the Auto-X features make it easier and quicker to focus on the logic. Keep short notes along with the puzzle to help you make your way to the solution. If you're completely stuck, you have the ability to check the grid for errors or get a hint.	
<a href="#">Make A Scene: Farmyard</a>		S	Media	PK, K, 1st	Y	Make a Scene Farmyard is a fun interactive game that engages children's natural sense of creativity. It is aimed primarily at pre-school age children, but will provide hours of entertainment for children (and adults!) of all ages. Helping to develop vocabulary, fine motor skills, co-ordination and creative thinking. Make a Scene offers a great way for children to play and learn at the same time.	
<a href="#">MakerBot PrintShop</a>		M	Specialty	All	Y	MakerBot® PrintShop™ is a fun, easy, and free way to create and 3D print all kinds of cool things on MakerBot Replicator 3D Printers. Create 3D designs without a learning curve with our easy-to-use-tablet application, and wirelessly prepare your models for 3D printing on your Fifth Generation MakerBot Desktop 3D Printer.*	For use on the Library's MakerBot 3D printer.
<a href="#">MackinVIA</a>		M	Media	All	Y	tudents, you can now explore your school's eBooks on the iPad, iPod Touch and iPhone with the MackinVIA Reader, an easy-to-use app that's fully integrated with your MackinVIA Backpack. The MackinVIA Reader gives you instant access to your eBook checkouts and downloads. And you're always one tap away from searching your school's MackinVIA for more titles.	
<a href="#">Madagascar Preschool Surf n' Slide</a>		M	Math, ELA	Pre-K, K	N	From DreamWorks Animation and JumpStart comes Madagascar Preschool Surf n' Slide™, an immersive themed game, where players join young Alex, Marty, Gloria, and Melman, and the entire Madagascar gang for a slip-sliding adventure in learning! Players will surf down amazing slides as they learn multitudes of preschool skills on their mobile device.	
<a href="#">Make A Scene: Farmyard</a>		S	Media	PK, K, 1st	Y	Make a Scene Farmyard is a fun interactive game that engages children's natural sense of creativity. It is aimed primarily at pre-school age children, but will provide hours of entertainment for children (and adults!) of all ages. Helping to develop vocabulary, fine motor skills, co-ordination and creative thinking. Make a Scene offers a great way for children to play and learn at the same time.	
<a href="#">MakerBot PrintShop</a>		M	Specialty	All	Y	MakerBot® PrintShop™ is a fun, easy, and free way to create and 3D print all kinds of cool things on MakerBot Replicator 3D Printers. Create 3D designs without a learning curve with our easy-to-use-tablet application, and wirelessly prepare your models for 3D printing on your Fifth Generation MakerBot Desktop 3D Printer.*	
<a href="#">MarcoPolo Ocean</a>		XL	ELA	Pre-K, K	Y	Six build-and-play activities bring the language and the images of the ocean to life. Ocean is playfully narrated and animated to reinforce vocabulary, physical attributes and ocean concepts.	
<a href="#">Math Doodles</a>		M	Math	3rd, 4th, 5th	N	This version of "Math Doodles" introduces four challenges plus an additional functional sneak peek challenge that will be made available in it's finished form in a future free update. Each Challenge provides plenty of mathematical practice, within a recreational math setting. The mathematical puzzles allow users to play, explore, and experiment with mathematical concepts, while developing and strengthening their strategy and problem solving skills. Math Doodles challenges are designed to allow for multiple solutions and strategies. There isn't only one correct answer.	
<a href="#">Math Kid</a>		S	Math	All	Y	Math Kid gives your 4-12 years old child the foundation needed to excel in math at home and in school. The application features graphical feedback and rewards, and its clean and simple interface is ideally suited for children (Verified!). Helpful and extensive hints allow kids to use it with minimal parental supervision. Precise customization of the training course content leads to effective and focused learning.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Math Puppy – Bingo Challenge for Kids</a>		M	Math	All	Y	Math Puppy is designed with 3 difficulty levels and 5 game types that provide complete coverage of basic math skills for preschool, elementary school, grade school and more.	
<a href="#">Math Heros 1 Free</a>		M	Math	K,1st, 2nd	Y	Join the Math Heroes and work your way up the ranks to math mastery. Perfect both for introducing new mathematical concepts and sharpening your handle on basic operations. With an arsenal of cool powers and challenging new levels, you'll have a mind and moves that are truly warrior-worthy!	There is a paid version of this app. Volume Price (20+): \$3.49 ea;
<a href="#">Math Racing Turbo - Free</a>		S	Math	All	Y	Math Racing Turbo is an exciting math game for kids! To complete the race, you have to solve a high number of equations in a limited time!	There is a paid version of this app. Volume Price (20+): \$0.49 ea;
<a href="#">Mathtopia</a>		S	Math	All	Y	Stamp math expressions with colorful answer tiles. Solve a tile-matching puzzle to advance. Earn stars and trophies as you get faster at recognizing equivalencies. The puzzle game play is similar to popular jewel swapping games but with multi-touch swap, enabling more complicated and challenging matching for addicts of tile-matching puzzlers. True addicts can match their skills against others on Game Center and unlock secret levels. Reduce stress while training the brain.	There is a paid version of this app. Volume Price (20+): \$1.99 ea;
<a href="#">Math Word Problems</a>		S	Math	K,1st, 2nd	Y	This app includes a wide variety of addition and subtraction word problems designed for students to listen, read, draw and solve. The audio narration was performed by Brad Mielke, a professional voice over artist with 18 years of experience. This free version includes the first level. You can purchase the full version (which includes the second level) through an in-app purchase.	
<a href="#">Mind Benders Level 2</a>		M	All	1st, 2nd	Y	Deductive Thinking Skills. Prepares your child for testing! Develops reading comprehension, logic, and problem solving. <a href="#">My Math Flash Card App</a>		S	Math	All	Y	My Math Flash Card App is for mastering basic elementary math facts. Its an easy to use and customizable application to enable focused learning.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">News-O-Matic EDU</a>		M	ELA	All	Y	Whether your students enjoy reading about sports, science, world news, or wacky events, News-O-Matic delivers what's making the news! Our mission is to make learning more engaging, active, and personal. This nonfiction reading comprehension app publishes five news stories each weekday! The stories range in length and difficulty to create opportunities for differentiated instruction. Readers learn what happened on this date in history through an educational game and write or draw to Editor-in-Chief Russ in the News Room. Each edition gives you access to a Teacher's Guide.	There is a paid version of this app. Volume Price (20+): \$9.99 ea;
<a href="#">Number Frames</a>		S	Math	All	Y	Number Frames help students structure numbers to five, ten, twenty, and one hundred. Students use the frames to count, represent, compare, and compute with numbers in a particular range. The frames help students see quantities as equal groups of other quantities and in relation to benchmark quantities. This helps primary students move away from one-by-one counting toward more efficient ways of counting and computing. As students advance, custom frames can be constructed to help visualize factors, products, fractional parts and more.	
<a href="#">Number Pieces</a>		S	Math	2nd, 3rd	Y	Number Pieces helps students develop a deeper understanding of place value while building their computation skills with multi-digit numbers. Students use the number pieces to represent multi-digit numbers, regroup, add, subtract, multiply, and divide.	
<a href="#">Number Pieces: Basic</a>		S	Math	K, 1st, 2nd	Y	Number Pieces Basic helps students develop a deeper understanding of place value while building their computation skills with multi-digit numbers. Students can use the number pieces to represent multi-digit numbers, count, regroup, add, and subtract. The drawing tools allow students to label representations and show their understanding.	
<a href="#">Number Rack</a>		S	Math	K, 1st, 2nd	Y	Number Rack facilitates the natural development of children's number sense. The movable, colored beads encourage learners to think in groups of fives and tens, helping them to explore and discover a variety of addition and subtraction strategies.	
<a href="#">Ollie's Handwriting &amp; Phonics</a>		S	ELA	PK, K, SPED, SRP	Y	Ollie's Handwriting and Phonics helps kids become successful readers – with errorless teaching! Children practice letters and sounds, read custom phonics words, and spell sight words without reinforcing bad habits. Created by a Kindergarten teacher with a Master's in Early Childhood Education, Ollie is based on the most successful research-based national handwriting and phonics programs.	There is a paid version of this app. Volume Price (20+): \$1.49ea;
<a href="#">Osmo - Masterpiece for Osmo</a>		M	Specialty	All	Y*	Draw anything you want with Masterpiece. Take a picture, search the web, or use one of the images from our gallery. Then using the Osmo stand put a piece of paper in front of your iPad and begin drawing. When you're done you can save and share your creation. Requires the Osmo game system available at www.playosmo.com.	For use with Osmo manipulatives kit.
<a href="#">Osmo - Newton for Osmo</a>		M	Specialty	All	Y*	Grab anything around you to build structures that magically become part of the game; guiding on screen bouncing balls to hit targets.  Requires the Osmo game system available at www.playosmo.com.	For use with Osmo manipulatives kit.
<a href="#">Osmo - Numbers for Osmo</a>		M	Specialty	All	Y*	Play math with Osmo. Build numbers on the table with real tiles and collect fish for your tank!  Requires the Osmo Numbers box or the Osmo Genius Kit available at www.playosmo.com.	For use with Osmo manipulatives kit.
<a href="#">Osmo - Tangram for Osmo</a>		M	Specialty	All	Y*	Explore the world of Tangram, puzzling your way through bright geometric forests and dark scary castles to find treasure and rescue its people! A modern take on the classic Chinese puzzle game of Tangram, Osmo give's you realtime audio and visual feedback as you try to solve over 500 puzzles using real wooden pieces.	For use with Osmo manipulatives kit.

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Osmo - Words for Osmo</a>		M	Specialty	All	Y*	Play table-top words game with your friends using Osmo tactile letters. Using beautiful photos as hints, try to guess the word associated with the image before you run out of tries!	For use with Osmo manipulatives kit.
<a href="#">Osmo - Coding</a>		XL	Specialty	All	Y*	Osmo's unique technology allows you to play Osmo Coding with physical blocks in the real world. Each block represents a coding command. Snap blocks together to create sequences of commands and easily learn computer programming fundamentals. Osmo Coding is approachable, creative, and fun.	For use with Osmo manipulatives kit.
<a href="#">Our Discovery Island: Phonics Tricksters</a>		L	ELA	Pre-K, K	Y	Tricksters have escaped from Our Discovery Island and are stealing letter-sounds from the English Bank of Phonemes! Only you can catch them, using a fun, innovative and immersive Augmented Reality chase game - and by testing your knowledge of phonics.	
<a href="#">Ozobot</a>		XL	Specialty	Robotics	Y*	Ozobot is an award-winning smart miniature robot that bridges digital and physical gaming. Designed to learn, play and entertain, Ozobot brings a refreshingly new element into solitary play and shines in a variety of social and interactive settings. The Ozobot app lets you play different types of games with one or more robots right on your tablet (9" or larger recommended). The app includes three distinctive games: OzoDraw, OzoLuck and OzoPath.	Requires the robot.
<a href="#">PBS KIDS Games</a>		L	Games	All	Y	Play over 50 free learning games with your favorite PBS KIDS characters anytime, anywhere. PBS KIDS Games features top shows, including Daniel Tiger's Neighborhood, Wild Kratts, Sesame Street, Super Why, The Cat in the Hat Knows a Lot About That!, Dinosaur Train and more.	
<a href="#">PBS KIDS ScratchJr</a>		M	Coding	K, 1st, 2nd	Y	With PBS KIDS ScratchJr, kids can create their own interactive stories and games featuring their favorite characters from Odd Squad, Wild Kratts, Nature Cat, Arthur, WordGirl, Peg + Cat, and Ready Jet Go! The storytelling possibilities are endless with this creative coding app for children ages 5-8.	
<a href="#">PBS KIDS Video</a>		S	Media	All	Y	CHILD-SAFE The app provides a safe, child-friendly viewing experience for all ages. Kids can easily browse and watch videos at home, on the road, or anywhere with a 3G or WiFi connection. NEW VIDEOS EVERY WEEK Every week, the app will introduce your child to a new "Weekly Pick," a set of fun educational videos that will engage him or her in reading, science, math and more.	
<a href="#">Phonics Genius</a>		M	ELA	SRP	Y	One of the best ways to rapidly learn how to speak, read, and recognize words is through phonic awareness. This app is specifically designed to help students recognize and distinguish words by sounds. This app is loaded with content. We are talking over 6,000 professionally recorded words carefully grouped into 225 categories by phonics.	
<a href="#">Phonics Tic-Tac-Toe</a>		S	ELA	K, 1st, 2nd	Y	Children build language skills in a fast-paced game of tic-tac-toe! Fun, interactive game explores vowel sounds, syllables and more. For ages 6-8 years.	
<a href="#">Pic Collage Maker</a>		M	Media	All	Y	PicCollage has everything you need to create amazing collages with your photos. With our new layout and clean design, it's even easier to unleash your creativity. This holiday play with our seasonal stickers, backgrounds, and templates. Create fun Christmas, Hannukah, and New Year's collages and enjoy new brand content from Packman and Hello Kitty.	

Name	Icon	Size [1]	Subject	Level	Free [2]	Description	Notes
<a href="#">Puffin Academy Browser</a>		S	Utility	All	Y	Similar to Puffin Browser Pro, but restricted access to EDU web sites. Meant for 1 to 1 deplyments where students may have to download the app on their own. May be a suitable alternative to Pro.	
<a href="#">Puffin Browser Pro</a>		S	Utility	All	N	This is the alternative web browser to Safari or Google Chrome which will run Adobe Flash or Java based websites. This app is required in order to access the Social Studies text book website.	Volume Price (20+): \$1.99 ea; Purchased for All classroom iPads
<a href="#">Puppet Pals 2</a>		L	Media	All	Y	Children unlock creativity with this easy to use (but hard to put down) interactive puppet show! Even young children can create high quality cartoons from their imaginations. Kids can even star in the show along side the built-in characters!	There is a paid version of this app. Volume Price (20+): \$2.99 ea;
<a href="#">Puppet Pals HD</a>		M	Media	All	Y	Create your own unique shows with animation and audio in real time! Simply pick out your actors and backdrops, drag them on to the stage, and tap record. Your movements and audio will be recorded in real time for playback later. This app is as fun as your own creativity. Act out a story of Pirates on the high seas, fight as scary monsters, or play the part of a Wild West bandit on the loose. You can even combine any characters however you want!	There is a paid version of this app. Volume Price (20+): \$2.99 ea;
<a href="#">Quiver - 3D Coloring App</a>		M	Media	All	Y	Coloring pages have never been so much fun! The Quiver App combines physical coloring from "back in the day" with state of the art augmented reality technology to bring you and your children an extraordinarily magical experience.	There is a paid version of this app. Volume Price (20+): \$3.99 ea;
<a href="#">Quizlet: Flashcards</a>		M	Utility	All	Y	Master your classes with the leading education app! Create your own flashcards or choose from millions created by other Quizlet users on thousands of subjects. If you're doing standardized test prep for big exams like the SAT or ACT, studying for an upcoming midterm or test, or just need homework help, you can feel confident with these powerful interactive learning tools — inside the classroom or out:	
<a href="#">Read Naturally Live</a>		M	ELA	SRP	Y	For use with FISD's subscription for Read Naturally Live.	For SRP
<a href="#">Reading Raven HD</a>		M	ELA	PK, K, SRP, SPED	N	Reading Raven is an extremely engaging learn-to-read educational game that provides step-by-step reading lessons designed to help young children build a solid foundation for reading.
